### General Questions to Consider

1. List the businesses you see. Do they appear in business/out of business?

2. List vacant storefronts. Many contiguous?

3. List other buildings/features you see (apartment buildings, parking lots)

4. Note condition of driveways, sidewalks, curbcuts (specify location of problems)

5. Record location of bus stops. Is there a bench? Shelter? Just a sign? What bus line services the stop? (specify location of problem area)

6. Count the number of street trees and describe location (measure distance from road)

7. Count the people you encounter (pedestrians, joggers, bicyclists, people waiting for bus)  
Record any conversation.

8. Record conversation with any business owner. (include name, business)
